

A **Family Friendly Partners Network** is a group of 6-10 congregations that voluntarily agrees to learn together in eight events over 30 months. The first network group began in the fall of 2011 and will complete the 30 month cycle in April, 2014. A second Indiana District Family Friendly Partners network is in the early stages of formation. Trinity/Elkhart and Holy Cross/Fort Wayne are exploring the possibility. A minimum of six congregations are needed to actually form a network. Learn more from Dave at dave.ebeling@in.lcms.org.
